

Scientist Virology

Date posted: November 20, 2018

Location: Vienna, Austria

Position Summary:

We are looking for a scientist with a strong background in molecular biology techniques, virology and immunology to join our highly motivated and dedicated Virology research department at Hookipa Biotech, a Vienna-based biotechnology company developing novel recombinant viral vector vaccines against medically important infectious diseases and cancer.

Main Responsibilities:

- Develop, conduct and participate in virology projects that are complex and scientifically demanding.
- Assist in development of candidate vaccine vectors for cancer and infectious disease indications
- Lead and guide the generation and characterization of research grade vaccine preparations for use in preclinical proof of concept studies and documentation according to GDP standards
- Review and analyze raw data, protocols and prepare reports in support of regulatory filings
- Effectively communicate and present (internally and externally) scientific results in oral and written forms.
- Collaborate with cross-functional team to meet project timelines

Qualifications:

- PhD in Virology, Immunology or related fields (relevant industry or PostDoc experience is a plus)
- Strong background in virology and molecular biology is a must
- Background in cancer biology and experience in cancer vaccine development is a plus
- Leadership skills and proactive work style, detail-orientated and well-organized
- Ability to work independently, work on multiple projects in parallel and plan and prioritize work for Technical Assistants
- Excellent teamwork and communication skills (English and German fluently, written & spoken) to drive cross-functional work
- Experience with Quality systems (e.g. GMP; GLP) is an advantage

What we offer:

- Strong team with dedicated and passionate scientists
- State of the art infrastructure
- An excellent working atmosphere
- Opportunities for Personal development
- Working in a multinational and multicultural environment

Minimum monthly gross salary from EUR 3400,- ; depending on experience and qualification salary can be negotiated. Starting date: As soon as possible
