

Senior Lab Technician – Cell Culture (m/f)

Date posted: August 03, 2020

Location: Vienna, Austria

About HOOKIPA:

HOOKIPA Pharma Inc. (NASDAQ: HOOK) is a clinical stage biopharmaceutical company developing a new class of immunotherapeutics, targeting infectious diseases and cancers based on its proprietary arenavirus platform that is designed to reprogram the body's immune system.

Position Summary:

We are looking for a highly motivated Senior Lab Technician with a strong background in Cell Culture techniques to join our Preclinical Analytical Development Team. The focus of this department is to perform and develop assays for testing and characterization of our products. This position is primarily laboratory based.

Main Responsibilities:

- Ensure cell culture routine work (under BSL-2 conditions) with high sample throughput acc. to timelines
- Establishment of cell lines (transfection, clone selection, screening and analysis)
- Experience with flow cytometry and cell based assays
- Data analysis and evaluation, monitoring of cell lines performance (trending), troubleshooting
- Preparation, review and revision of relevant documentation for all work processes according to Quality standards (e.g. technical reports, assay qualification reports)
- Serve as SME in cell culture methodologies assay transfers
- Development and optimization of analytical assays
- Maintenance of laboratory equipment and stock keeping

Qualifications & Skills:

- MTA, BTA, Dipl. Ing. (FH) or B.Sc., M.Sc. in relevant field (e.g. Biology, Microbiology, Biotechnology, Immunology)
- Minimum 3 years hands-on laboratory experience
- Experience with cell culture is a must have
- Substantial knowledge and experience with Quality systems (e.g. GMP; GLP)
- Independent, well-organized and proactive work style - eager to actively initiate and direct projects
- Able to multi-task and work with highest accuracy and reliability under time pressure on multiple projects
- Open-minded and communicative team-player to collaborate with other departments in-house, as well as with external partners
- Fluent in written and oral English and German
- Experience with immunological and virological techniques is of advantage
- Experience working in biopharmaceutical or biotechnology industry is of advantage

What we offer:

- Strong international team with dedicated and passionate scientists and technicians
- The possibility to take over responsibility for your own projects
- State of the art infrastructure
- Excellent working atmosphere
- Opportunities for personal development
- Working in a multinational and multicultural environment

We are required by Austrian law to post a minimum salary. The minimum monthly gross salary for this position is EUR 2.797,- (Senior Lab Technician) based on fulltime (40 hours per week); depending on experience and qualification salary can be negotiated. In addition, we offer a performance-related bonus payment and participation in our stock option compensation program.

Starting date: as soon as possible
